Producent	Team Associated

Opis produktu

FT Machined Steering Blocks

CNC Machined Parts!

Factory Team's all-new CNC machined steering blocks add strength, precision, added adjustability, and sexy looks to the RC8 series of Team Associated vehicles. Precision CNC machined from quality 7075 aluminum, these parts are a direct fit for the RC8, RC8-RS, RC8T, RC8T-RS, and all SC8 models.

These parts are durable, lightweight, and maintain the suspension geometry optimized by the RC8 design team. These parts come conveniently packaged in pairs and feature Team Associated's signature blue anodizing with sexy-look second-op machining.
