Opis produktu

GMS

This is the Throttle Stop Screw for the GMS .61 Ring engine. This screw is also know as a rotor guide screw to hold the rotor in place in the carburetor.

FEATURES: Black steel construction

INCLUDES: One throttle stop screw for the GMS .40 ABC engine

REQUIRES: Installing in the carb

SPECS: Length: 12.5mm overall Diameter: 2.9mm

COMMENTS: The header card may say that this includes a nut-it does not. This is a rotor guide screw only, it does not function as an adjustment screw.

Oznaczenie producenta: GMEG7970
