Opis produktu

King Quest Kodiak (20cc size EP/GP)

The Quest Kodiak (now Daher Kodiak) is an American utility aircraft designed and built by Quest Aircraft. The high-wing, unpressurized, single- engined turboprop has a fixed tricycle landing gear and is suitable for STOL operations from unimproved airfields.

Design began in 1999, it made its maiden flight on October 16, 2004, and was certified on 31 May 2007 before first delivery in January 2008. Quest Aircraft was purchased by Daher in 2019. By 2021, 300 were delivered.

Now , VQ Introduce the King Quest Kodial 20cc size EP-GP .This Kodiak come with 2 x painted pilots and pilot seat . With the large battery hatch , you can use either an Electric motor or a Nitro engine . With a total weight of just 5,8 kilograms and large wingspan (2,2m) , it will fly like a high wing trainer.
